

HOW ABOUT A BETTER SOLUTION FOR YOUR CAR EXPORT?

Do you know? You want to buy a vehicle in Germany at net export price but the dealer, for various reasons, can or wants to sell the vehicle to you only with a deposit or not at net prices at all. The deposit must be retrieved or other problems complicate the purchase.

WE OFFER YOU THE RIGHT SOLUTION

Baden Motors GmbH is your specialist and contact for all matters relating to the import and export of cars. We take care of your purchasing. You only have advantages, such as rapid purchase and sale of existing vehicles, better concentration of your team on your daily business and increase in turnover being just a few of them.

ALL THE BENEFITS AT A GLANCE:

BUY FROM BADEN MOTORS AND SECURE YOUR BUSINESS

- DoKEYCoC Guarantee (Documents, Keys, Certificate of Conformity): we guarantee, if you wish, to deliver all these components to you with the vehicle.
- The purchasing risk is considerably reduced! Do you always pay close attention to the solvency of your supplier? In times of diesel problems, dealers in Germany are increasingly experiencing financial problems. A failure or bankruptcy of the supplier is a constant threat. A disaster if it hits you, because the amounts are high.
- Concentration on your core and day-to-day business - thereby increasing turnover
- Considerable simplification of your purchases in Germany
- Significant time savings through optimisation
- Elimination of annoying deposit retrieval
- Fast preparation of vehicles for further transport
- Short distances and easy pick-up: directly from the train station in southern Germany
- Preparation of export license plate, service, TÜV and car wash, as required

Our team offers you this and more. We look forward to working with you.
